

Quaker Tree

This is the first of our free “Accessories” to accompany our Quaker animals and houses. Our plan is to make peaceful scenes using our new quaker creations. In February, we are publishing a chart containing a turtle and a rabbit (a.k.a. the tortoise and the hare). Soon to follow are a swan and a frog. Enjoy stitching this stunning but also simply quaker-style tree. A second tree will be available to shops visiting us at the 2006 Nashville market.

Our model of *Quaker Tree* was stitched on #36 count Fawn from Lakeside Linens using one strand of Crescent Colours in Jolly Holly. The stitch count is 73 high by 43 wide.
